WORK SESSION

PROPOSED FISCAL YEAR 2005 BUDGET

<u>Chairman Shepperd</u> indicated the purpose of the work session was to review the proposed alternatives as prepared by staff providing for a 4-cent or a 7-cent reduction in the real estate tax rate.

Mr. McReynolds began by reviewing the budget calendar for the budget process that began last June when the staff was requested to submit its requests for new personnel and programs for FY2005. He then distributed to and reviewed with the Board members information that presented a slightly different way of looking at the proposed FY2005 budget that would give the Board a better understanding of how staff got from the approved FY2004 budget of \$86,309,000 to the proposed FY2005 \$97,004,000. Mr. McReynolds next reviewed more detail on the unfunded mandates in terms of new personnel, new equipment, known state funding cuts for FY2005, and the rules and regulations driving these requirements.

Discussion followed regarding new Public Safety positions and other unfunded mandates.

Mrs. Marycarol White, Director of Financial and Management Services, reviewed each of the alternatives as follows, noting that each penny is worth \$530,000:

Mr. McReynolds noted that the \$75,000 for custodial services was in error and could be removed and the funds added to the \$510,000 unallocated revenue.

<u>Chairman Shepperd</u> then asked the Board to discuss the 4-cent proposals. He stated he was interested in the Board members' perspectives and their questions for staff on the items contained in the proposals.

Mr. Burgett suggested that the Board eliminate the Real Estate Assessor's Office and move it back under the purview of the Commissioner of the Revenue. He noted there will still need to be a new property assessor and someone to maintain the database, and firms can be hired to do the biannual assessments. For the money the County will pay for the assessments, it will provide the Board with monthly reports on trends on where values are going. Mr. Burgett stated he felt the County could save \$200,000 to \$300,000 a year. He stated he was disappointed in the customer service for this office and the quality of the reassessments.

Mrs. Noll stated the suggestion took her by surprise, and she suggested that a study be done to look at the efficiency of the office and the ramifications of what it would mean to the County and its citizens.

<u>Chairman Shepperd</u> stated it was a consideration, and he asked Mr. McReynolds to begin an assessment of Mr. Burgett's proposal and have it as an option to discuss at the next work session.

Mr. Zaremba next presented his proposals for a tax reduction as follows:

<u>Chairman Shepperd</u> asked the Board members to review what has been discussed this evening and come to the April 1 work session with their further recommendations to obtain a 4-cent reduction, as well as hold further discussion on the possibility of some reduction to the Constitutional Officers' budgets in order to entertain a larger reduction than 4 cents. He also noted that the County Administrator would be prepared to answer questions raised concerning the Solid Waste Fund and the current version of operating software used by the County, and he would provide the Board with specific recommendations for reductions in the Capital Improvements Program and an assessment of Mr. Burgett's proposal to eliminate the Real Estate Assessment Office.

Meeting Adjourned. At 9:39 p.m. Chairman Shepperd declared the meeting be adjourned to 6:00 p.m., Tuesday, March 23, 2004, in the East Room, York Hall, for the purpose of conducting a work session on the proposed Fiscal Year 2005 Budget.
